## TIM'S BIKE & BEACH GEAR

With more than one location on the island, renting bikes from Tim could not be easier. There are plenty of paths and "neighborhood" roads perfect for biking and soaking up the sun. Biking to the Tybee Lighthouse is fun, but safer during the less touristy months (Jan-Feb, Oct-November).

\$10 for a daily rental, call (912) 786-8467

## TYBEE LIGHTHOUSE MUSEUM

Located at North Shore Tybee, this lighthouse is one of the few that has been restored and maintained. The views from the top are best on a clear day and the wait

varies. Be sure to give yourself an hour or so to explore the lighthouse and museum.
